SUBJECT: Statement on the provision of consulting services

We by this confirm that Mr. Andreas Gaber, as the member of consulting team on behalf of the SPECURE GmbH, Vienna, Austria, provided the consulting services to the Agency in the process of preparation and conduction of public bidding procedure for awarding approvals for the use of radio-frequencies in the bands 800 MHz, 900 MHz, 1800 MHz, 2 GHz and 2.6 GHz for the implementation of public mobile electronic communication networks. The public bidding procedure was performed by means of spectrum auction in CCA format and it lasted 13 auction days in the period between July 4th 2016 and August 2nd 2016. According to the assessment of all participants, the spectrum auction has been prepared and implemented in a transparent and accurate way, under the equal and competitive conditions, without mistakes and without any appeal proceeding.

During the preparation and conduction of the spectrum auction, Mr. Andreas Gaber, among others, provided to the Agency the following services:

- advising on the strategy of allocation of the radio-frequencies for mobile communication networks,
- preparing the auction rules and procedures of public bidding,
- assisting in the process of public consultation on the Information document and during the negotiations with the operators on disputable issues,
- training of the Agency's employees for the use of auctioneer's part of EAS,
- conducting the auction rounds in the real spectrum auction and analyzing the bids and bidder's strategies,
- assistance in the preparation of the final report on the procedure of the spectrum auction.

Mr. Andreas Gaber provided the above services on the exceptionally professional, competent and responsible manner, significantly contributing to the overall success of the public bidding procedure.

Yours sincerely,

EXECUTIVE DIRECTOR

Zoran Sekulić
